Career Objective

Aspiring MERN Stack Developer with hands-on project experience in React, Node.js, Express, and MongoDB. Seeking an opportunity to apply my skills, learn modern technologies, and contribute to real-world web development projects.

Education

Sant Singaji Institute of Science and Management

Bachelor of Business Administration

Sandalpur, Dewas

Expected May 2026

Fifth Mountain Academy

12th Commerce

Sandalpur, Dewas

July 2022 - April 2023

Technical Skills

Languages: Java, JavaScript, SQL, HTML5, CSS3

Backend: Node.js, Express.js

Frontend: React.js, Redux, Bootstrap, Tailwind CSS

Databases: MySQL, MongoDB

Tools: GitHub, Postman, Drizzle ORM, VS Code

MS Office Suite: Excel, PowerPoint, Word

Projects

Smart Leave Management System — [Live](#)

Jan 2026 – Feb 2026

React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS, Recharts, Nodemailer, Redux Toolkit

- Built a full-stack leave management system to automate leave requests and approvals.
- Implemented role-based access control (Admin, HOD, Authority, Employee) with JWT authentication and Argon2 hashing.
- Created approval workflow with email notifications and real-time updates using Socket.io.
- Built an analytics dashboard with leave statistics and department-wise reports.
- Implemented leave balance tracking with automatic calculation of used and remaining leaves

Blood Donation and Emergency Help — [Live](#)

Mar 2025 – Jun 2025

React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS, Recharts, Nodemailer, Redux Toolkit

- Created a MERN stack blood donation system with role-based access for donors and patients.
- Implemented smart donor matching and real-time blood request tracking.
- Managed request lifecycle and notification system for status updates.
- Built multi-role dashboards and analytics for donation trends and blood group insights.
- Built email notifications, emergency request prioritization, and 90-day donor eligibility tracking.

Certifications & Achievements

- **Java Programming Certificate** – Learned Java fundamentals including OOP, exception handling, collections, and basic project development.
- **AI for Beginners Certification** – Learned basics of Artificial Intelligence, machine learning concepts, neural networks, and real-world AI applications.
